

**Thank you for purchasing a Mustard Bikes Fender Eliminator.
The following is a brief guide for installation of your
Yamaha R3 / MT-03 Fender Eliminator.**

1. Remove pillion seat with key and rider seat (2x bolts, 8mm hex socket) from bike.
2. Remove infill panels between pillion-riders seat (2x 4mm allen screws)
Lift side panel edges up to release infill from side panels.
3. Remove 2 x ¼ turn plugs (phillips head) from tool tray by turning ¼ turn and then pulling out. Remove tool tray.
4. Unplug indicator and number plate light plugs (located right hand inside of sub-frame in plastic wrap).
5. Remove 4 x nuts (10mm hex socket) holding stock fender and remove stock fender.
6. Remove splash plate from under stock fender (4 x ¼ turn plugs, phillips head).
7. Remove 2 x phillips head screws behind and 2 x phillips head below stock indicators.
8. Remove 6 x 4mm allen bolts on underside of stock fender and separate the two parts of the stock fender.
9. Remove indicators and fit to fender eliminator after fitting supplied spacers (Oval rings).
10. Bolt fender eliminator to cover plate with supplied countersunk phillips head screw and nyloc nut. The bolt should face down with the nut underneath the fender eliminator. Do not tighten fully.
11. Fit 2 supplied 25mm x 4mm allen bolts through Fender eliminator and cover plate (facing upwards), followed by 8mm hex spacers.
12. Tighten first bolt.
13. Fit 2 supplied 20mm x 4mm allen bolts through cover plate, followed by 8mm hex spacers.
14. Feed Fender Eliminator wiring through fender eliminator and rear most sub frame hole and place fender eliminator in position on the bike.
15. Bolt fender eliminator in place using 4x stock M10 bolts.
16. Plug in and check operation of all lights before refitting fairings and seats.
17. The LED bolt is polarity sensitive. If it does not light up switch the wires around and check again.
18. Refit fairings in reverse order to disassembly. Be careful not to over tighten infill panel screws.
19. Refit riders and pillion seat.

If you have any problems with installation feel free to contact us at help@mustardbikes.com for any queries.
We will be more than happy to help in any way we can.
